REPORT OF LIBRARY TRUSTEES.

REPORT OF LIBRARY TRUSTEES.

FOR THE YEAR ENDING FEBRUARY 15, 1899.

In accordance with Chapter 8, Sections 21-26 of the Public Statutes. Received from the State \$100 worth of books which were placed in the library, Nov. 7, 1898.

Since then we have selected \$94 in books, but owing to delay of publishers, only a part of these have been received.

FINANCIAL STATEMENT.

June, 1897.	Received from Town for 1896, \$ 31 50	
	This sum and interest on same amounted to	\$ 33 33
Dec., 1898.	Received,	12 21
Feb., 1899.	Received for 1897 and 1898,	63 00
		<hr/>
		\$108 54
Dec., 1898.	Paid for library supplies and freight,	12 21
		<hr/>
	Balance in hands of Trustees,	\$ 96 33

We append a catalogue of the books already in the library, which you should preserve for reference, as it is probably the only printed catalogue that will be obtainable of the present contents of the library.

The town reports each succeeding year will contain the additions made during that year. So by keeping this report, and all succeeding ones, you will at all times have a complete catalogue.

You will observe that these books are catalogued in classes, as A., B., D., etc., and also, each volume is numbered.

These together constitute what is known as the "call No." of the book, the number that you write on your library card, when you send for a book, or even when you call. Thus if your wanted book marked No. 1 under Class A, you would simply write on your card "A1," if the second was wanted, "A2," etc.

When sending cards to the library always make a second and third choice, in case the first should be out.

Respectfully submitted,

THE TRUSTEES.

We have added to the Library during the past year 107 volumes, as follows: Transferred from Town Clerk's office, 16. These include "Hitchcock's Geological Survey of New Hampshire," in three volumes, and 13 Regimental Histories. Received from Department of Agriculture, one, (year book.) Received from John W. Haley, of Lowell, Mass, one, (see Miscel.) Purchased 89.

The Library has been fairly well patronized for the past year, particularly at Melvin, where we have established a Branch, containing, at the present time, 76 volumes.

The majority of the calls are for "Story Books," and while we deem it our duty as public officers to have due regard for the wishes of the people, yet we do not think it advisable to invest very largely in light fiction, until our shelves contain those standard works that are the foundations and mainstay of every well-selected library; neither

do we apprehend that any will suffer from lack of good, solid, healthy and entertaining reading, so long as the number of useful and instructive books lying idle on the shelves, is as large as at present.

We are indebted to Rev. John W. Hayley, of Lowell, Mass., for a copy of his very interesting work, entitled "Genealogical Memoranda of the Hayley, Piper, Neal and Ricker Families." This book will be very interesting to many of our townspeople.

We append a list, arranged by subject as in the previous report, of the additions of the past year.

Respectfully submitted,

During the year there has been a steady growth of the Library idea, and we feel that there is a healthy condition of public sentiment, as to proper literature. We believe that instruction should come first — amusement second.

We are working on a new idea, to raise money, by entertainment, for benefit of the Library, and hope the public will fully understand the effort, and aid in any way possible. By so doing we can double the amount of money which we now receive each year from the town.

We wish to thank those who have so liberally given us books this year, and hope to merit a continuance of the same generous treatment from our summer people.

Following this report, is a record of the books received during the past year.

Respectfully submitted,
